Hey everyone, I'm sure that most of you should know by now that I won't be able to provide chapter 11.
I know that it ended on a cliffhanger, and I'm just as sad as you guys are because I don't know the contents of chapter 11 either. The good thing is that chapter 11 doesn't seem to be the climax. And although you are missing the chapter building up to the climax, at least you won't be missing chapters 12-19.

To further fill in the gap from missing chapter 11, I've prepared something sepcial for you guys on the next page.
Enjoy!

Thanks for Reading!
